

## Demopolis' Antebellum Home

Alabama has almost 2,000 ante-bellum homes, many of them intriguing Choctaw Indians.

Your visit to Gaineswood will be a trip into an era of charm and elegance as you pass through the ageless doors to one of America's finest antebellum homes.

Gaineswood shows twin domes crowned by miniature columns and square skylights, an impressive alcove in the mistress' bedroom, an enclosed formal garden and a rooftop observatory.

The combination of fluted columns and square pillars give the mansion's numerous porticoes an air of both balance and contrast.

General Nathan Bryan Whitfield, builder of Gaineswood, was his own architect. According to Ralph Hammonds, a prominent Alabama historian, Whitfield even designed his own lathes and machinery to fashion the columns and cornices.

Beginning in the middle 1840's, he set out to build a fashionable home for his family. The task took more than 10 years but the finished product was an architectural masterpiece.

Hammond calls Gaineswood "drawing room with its coffer ceiling and plaster trim "one of the most lavish and spectacular rooms in any private residence in the nation."

Whitfield named the mansion for General George S. Gaines, a friend

Private Young, 20, son of Mr. and Mrs. James H. Young, Route 2, Brantley, Alabama, completed eight weeks of military police training at the Army Training Center, Fort Gordon, Georgia, September 9.

He is trained in civil and military law, traffic control, map reading, prisoner-of-war control and self-defense.

Do you frame your prescription?

When you have a prescription filled do you take a few pills or a few spoonfuls a "hen pot" it on the shelf and forget about it? If you do, you are jeopardizing your health. Follow your doctor's instructions to the letter—take all of the prescription. Then go back to your doctor. He'll tell you whether or not to have the prescription refilled. There are too many half-filled bottles in medicine chests and testaments that "YOU PAID for your doctor's advice and didn't follow it. You might as well frame your doctor's prescription as to take only a part of it. The most important business we have is filling your doctor's prescription. Your most important job is taking it.

## BLINDNESS

There's a difference between total blindness and legal blindness. Total blindness, of course, is no vision at all, but legal blindness is that state wherein the degree of vision in the better eye is no more than 20/200, or less. By this measure, a person can see no farther than 20 feet what a person

with normal vision can see at 200 feet.

More blind people are in the older age group, with more than half of the legally blind population of 339,000 being 65 or older. A half million people in this country are estimated as being blind in one eye, and a far greater number are afflicted with some lesser degree of defect.

Over a million people in this country require some form of visual care, including visual training, and the aid of glasses. Only four out of ten people receive such care, and one that are obsolete or improper for his condition.

In the older age group, conditions causing blindness include diabetes, hardening of the arteries, high blood pressure, glau-

coma, and cataract.

Because of medical advances, particularly in drugs, the rate of blindness due to infectious diseases among school children has dropped 75 per cent during the past 20 years.

Blindness is costly in the loss of manpower, in the need for education services, Braille, seelings, eye dogs, and in pensions. Economically, the burden of blindness would be far greater were it not for recent medical discoveries and their application in combating blindness.

## Zip Codes Are Available From Post Office

Residents in Elba delivery area will be offered an opportunity to ZIP Code their mailing lists during October. Postmaster Robert Cooper announced recently.

Letter carriers will deliver "no postage needed" cards to each of each delivery stop beginning week of October 10, the postmaster said. The cards will have blanks for addresses used most often, but for which individuals do not know the proper ZIP Codes.

In rural areas and cities with one ZIP Code assigned, only an out-of-town card will be delivered since all local addresses will have the same ZIP Code.

"This is a good time to get the ZIP Codes missing from your lists," Postmaster Cooper noted. "This Christmas, ZIP Codes will be as important as shopping and mailing early for the efficient and n-time delivery of the record breaking avalanche of mail expected in the pre-holiday weeks."

After filling in the street number, city and state, the cards are to be mailed back to the postmaster. Post Office personnel will add the proper ZIP Codes and return the cards to the sender.

## Action Started

To Get Rescue Squad In Elba

Action has already begun on a project to organize a needed rescue squad for Elba as soon as possible. A meeting was held Monday afternoon at 5 o'clock in the fire station with the volunteer fire fighters and other interested citizens present.

A committee consisting of Gary Ham, Hugh Davis, Leo Foreman, Rudolph Crook and Collis Parrish was appointed to study the exact needs, select men, and solicit funds to finance the project.

Before the meeting was over, \$175 had been pledged by members of the fire department, and the Elba Rescue Squad started.

Initial goals are to operate an ambulance, operate a rescue vehicle with emergency equipment for water search, night search, fire rescue, accident victim rescue and other emergencies that might come up.

Citizens interested in helping in any way with this project are urged to contact any member of the committee or the fire department.

The Elba Chamber of Commerce will hold its regular monthly meeting on Tuesday night, October 18, at Paul's Cafe, according to Chamber president, Charles Ellis.

All members are urged to attend and help the Chamber of Commerce in its efforts to work for the benefit of Elba.

Mr. Lites is a native of Many, Louisiana, where he finished high school in 1955. He holds the Bachelor of Music degree from Louisiana Tech., at Ruston, and the Master of Church Music degree from the Southwestern Baptist Seminary, at Fort Worth, Texas.

## Brunson Speaks About Freedom To Students

Paul R. Brunson, Regional Director of the Small Business Administration, Birmingham, addressed the faculty members and the student body of Elba High School on Monday of this week. Brunson was born and reared in Elba, where he finished high school prior to entering and graduating from the University of Alabama.

Brunson spoke on the meaning, purpose and mission incorporated in the Constitution of the United States and stressed "How those architects of our country in 1776 laid down the plans for us" as incorporated in the Constitution of the United States.

"We, the people, must be wholly dedicated to preserving our way of life if we are to have the political and economic rights guaranteed by the Constitution," Brunson said.

Other ways of life were catalogued and compared with "our way of life," and some of these included Communism, Socialism, and Communism. Brunson declared that "When our forefathers found the Communist System was carrying them toward starvation, they established the basic law of 'private property and self reliance' and they prospered under their new system."

Brunson continued, "It should be remembered that the highest and noblest can come to a human being is to be an American! While I am proud to be an Alabamian and a Southerner, the thing that I am most proud of, as all of us should be, is that I am an American!"

In the boat with him were two of his brothers, Sam and Fred, Jim Owens, Jerald Bowden, all of Elba and an unidentified soldier from Ft. Benning.

Recovery operations were co-ordinated by the Elba police department and the Coffee County Sheriff's department. Units from the Ory and the Elba County Sheriff's department assisted in the dragging operation along with volunteers from Elba.

The body was recovered at about 6:00 P. M. near the spot he was last seen. Recovery was by three local men.

Cattle Course To Start Today

A Brood Cow Management Short Course will be conducted in Enterprise in a series of weekly meetings beginning October 13. County Extension Chairman Tom Cassidy, announced today.

Every phase of beef cattle production, from breeding to marketing, will be presented by specialists of the Cooperative Extension Service at Auburn University, according to Cassidy.

The first meeting will be Thursday evening, October 13, at 7:00 p. m. Reproduction and mating will be discussed by Dr. J. W. Gossett, chairman of the animal science division of the Extension Service. All county cattle producers or those interested in cattle production are urged to attend, Cassidy emphasized.

In succeeding weekly meetings, Dr. Joe Armstrong will discuss planned breeding programs and Dr. Richard Deese will cover beef cattle nutrition. O. N. Andrews will speak on forage production, and Dr. Worth Lanier, Extension veterinarian, will outline a herd health program.

He married Patsy Parker, daughter of Mr. and Mrs. Fred Parker and they have three sons, Jerry Jr., Davis and Steven.

Among those attending the graduation was his former principal when he graduated at New Brockton, Glen D. Robertson, now of Ft. Hope, Alabama.

## Elba Youth Drowned In River Saturday

Harold D. Cox, 17 year old son of Mr. and Mrs. Murphy Cox of Elba, drowned in a boat accident in the Elba River, just south of Elba Saturday afternoon shortly after noon. He was riding in a boat with five other young men when the boat capsized and they all began to struggle for shores. It was reported that young Cox could not swim.

In the boat with him were two of his brothers, Sam and Fred, Jim Owens, Jerald Bowden, all of Elba and an unidentified soldier from Ft. Benning.

Recovery operations were co-ordinated by the Elba police department and the Coffee County Sheriff's department. Units from the Ory and the Elba County Sheriff's department assisted in the dragging operation along with volunteers from Elba.

Modern medicines are potent. It is important they be protected against deterioration. Whenever you take a hot shower or bath, the temperature is raised to a degree that may affect stability. Store medicines in a constantly normal, locked cabinet out of reach of children.

Read the labels of every medicine. Some should be refrigerated. Most of them are best kept in a cool dry place. None should be placed in the bathroom.

## ATTEND THE CHURCH OF YOUR CHOICE SUNDAY

Happiness isn't formed with facial muscles. It is deeper than a smile. Its brightness is merely mirrored in shining eyes.

Happiness is the warm fertile climate with which God has endowed each human soul. It will flourish as long as our hearts and minds are exposed to the radiance of God. And, for those who discover early the spiritual center of happiness, no storm of life can ever penetrate so deeply as to chill the joy of the soul.

Are you less conscious of that inner happiness than once? Perhaps you're living in the shadows... groping in dark forests... only a glimmer of God's truth filtering through. Bring your soul out into the sunlight. Seek joy where it is found. The Church points the Way.

### THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

## Mail Packages To Service Men Early

The period of October 21 to November 10 has been designated for mailing Christmas parcels and greeting cards by surface transportation to members of our Armed Forces overseas. For airmail parcels the period is December 1 to December 10.

All articles should be packed in boxes of wood, metal, solid fiberboard, or strong double faced corrugated fiberboard. All fiberboard boxes should be wrapped in heavy paper which materially strengthens the package and should be well tied with strong cord. Boxes should be tightly packed with cushioning material to protect the articles and to prevent boxes from being crushed. A slip showing the contents, and the name and address of sender and addressee should be enclosed.

Customs forms are required on parcels to many destinations and some destinations have restrictions on articles that may be mailed. Please go by the post office in person or phone 897-2210 for any information needed on packaging, customs forms or restricted items.

## ...about your Social Security

Every month 120,000 Americans reach the age of 65. Many soon-to-be 65's ask, "When is the best time for me to sign up for Medicare?"

The answer is two or three months before they reach 65. If they sign up in any of these advance months, they get help with doctor bills beginning with the month they reach 65. If they wait until they reach 65, their doctor bill coverage under the voluntary medical insurance cannot start until one to three months after they sign up for it.

The Medicare law provides that each person reaching 65 has two periods during which he may sign up for the voluntary doctor bill insurance part of the program. The first of these periods begins with the third month before the month the person is 65, includes the month in which he reaches 65, and ends with the third month after that. A person who does not enroll during this first period has one other opportunity -- in the last three months of the next odd-numbered year. But it is important for everyone to know not only the advantages of signing up in the first enrollment period, but also the advantages of signing up in the first two months of the first enrollment period.

Failure to enroll in the seven-month initial enrollment period means not only a wait until the next general enrollment period, but also a continued waiting period until the following July for the protection to start, as a 10 percent increase in premium payments.

The voluntary medical insurance part of Medicare covers doctor's services wherever they are provided -- at home, in the doctor's office, or in the hospital; surgeon's fees; and a wide variety of other medical expenses in and out of the hospital.

Hospital insurance coverage -- the other part of Medicare -- begins with the month a person reaches 65, if he applies no later than 12 months following that month. There is no such provision for retroactive benefits under doctor bill insurance; it can only start after you apply for it.

## YOUR Health

"Your Health" is presented by your physician as a health service of The Medical Association of the State of Alabama.

Monday morning absenteeism costs industry millions of dollars a year. There is not much secrecy as to the main reason for this common type of absence.

sentism. It is the result of excessive drinking of alcoholic beverages over the weekend which produces a great big hangover. Industry is doing what it can to meet the problem of excessive drinking among employees. Two million industrial workers are alcoholics, according to estimates.

The average alcoholic worker loses two days employment per year more than the average worker, and throughout the country this means a loss of 44 million working days. This equals 352 million working hours lost each year to industry and those working in it. The cost to the country has been estimated as one billion dollars annually. Half of this amount is charged to lost time, low-

er productivity, accidents and inefficiency. The other half goes into custodial care in institutions, correctional or otherwise, and care for families of alcoholics by voluntary and public agencies.

Then there is the bill for off-the-job accidents being handled by industry with a more understanding and realistic approach than ever before. Industry is accepting the dicta of the American Medical Association and the American Hospital Association that alcoholism is a disease in that should be treated as any other sickness.

Many industries now maintain clinics completely staffed for the care and

treatment of their alcoholic employees. One such industrial company reduced its rate of discharging alcoholics from 95 percent to 8 percent through its program of helping these patients. The alcoholic is a sick person and as such needs treatment that includes medical care.

Apply the same safe habits to fire as you do to gunpowder!

## FARM NEWS

By Tom Casaday, County Extension Chairman

**ARMY-WORMS**  
We have had several calls in the past week on Armyworms damaging newly planted crops of rice, wheat, and oats. Small worms are easy to control, but when they get big and fat, they are very difficult to kill. We recommend using Sevin spray or dust. Ten to 20 pounds of dust per acre will do an excellent job. Sevin is the only material cleared for use on any grazing crops that are to be fed to livestock.

**SOIL FERTILITY**  
We had an excellent meeting a few days ago with the soil fertility lead-

ers in the county. Plans were made to stress soil testing and other ways to keep our good coffee country soil highly productive. Professional agricultural agents attending with us were: Bill Ray, Dean of the ASAS office; and Dan Presley and J. R. Speed of the Extension Service.

**MUCH INTEREST**  
Over a 100 men and women have enrolled in the brood-calf management course which begins Thursday night, October 13, at 7:00 at the Enterprise Junior College. We are happy to have over a 100 enrolled and we feel certain that those who attend each of the six Thursday night meetings will enjoy a practical, pleasant and profitable evening.

But even if you have not enrolled, you can still benefit from the course. Another large pond you to attend if you are interested in learning how to make more money in beef cattle.

**SOYBEANS AND WHEAT**  
Quite a bit of interest several small ponds and in developing planting wheat to be grazed and combined and followed by soybeans. Some areas in fishing should be even better. The wiregrass have done very well in the past year with the soybean. The fall terrace program is under way in the small scale to see how it works out. We desperately need more income.

**FUNDAMENTAL**  
The kick-off was made on one of Roy Barlow's work for people who have plenty of land.

**FERTILIZE SMALL GRAINS AND PASTURES NOW FOR MORE BEEF PER ACRE**  
These and other landowners are taking advantage of ACP cost-share and SCS technical service to get their best land fertilized. Most of them have already started their program and have learned first-hand how parallel terraces improve their land.

**Mulberry Heights FHA Girls Elect New Officers**  
The Mulberry Heights F. H. A. have elected their new officers.

Maxine Wilson will serve as president. Other officers are: Zeola Smith, Vice President; Marie J. Askew, Secretary; Gwendolyn Ellison, Financial Secretary; Arquilla Patton, Treasurer; Annie J. Ellard, Chaplain; Gladys Waters, Parliamentarian; Mary J. Kyles, Historian; Cynthia Daniels, Recreation Leader; and Elsie Phillips, Reporter. Mrs. Sylvia B. Terrell is the Home Economics teacher and F. H. A. advisor.

Gross receipts from farming in the U. S. last year totaled \$44.4 billion. This is about \$2 billion over 1964, mostly as a result of higher meat and animal prices.

## COFFEE NEWS & CHAT

By Sara Hutchison

**COFFEE**  
The month of October is known as Beef Month, time to re-locate plants, in recognition of this occasion you may be broiling steaks in the oven. If so, keep at least 1/4 cup of water in the pan to prevent burning and smoking. This will also help the pan rack to be cleaned easier.

**IRONING**  
Homemakers are always interested in making ironing a little easier and faster. For example, by using a fabric softener in the final rinse water when washing will make clothes easier to iron. If you will learn to use long, light strokes, you will save energy. Remember, it is the heat that does the job and not the pressure.

**YARD IMPROVEMENT**  
A home visit was made last week to Mrs. Thomas Beaver's to help her re-

**Donaldson Named Leading Salesman In Alabama**  
Fred D. Donaldson, C. I. U., 1500 West Colte, Enterprise, Alabama, was named New York Life Insurance Company's leading agent in Alabama during August, 1966, according to John T. DeBardeleben, C. I. U., general manager of the company's Montgomery general office.

This record placed Mr. Donaldson in 83rd place in the entire company on paid ordinary production for the month of August and in 8th place in the Southeastern region.

A New York Life representative in Enterprise since 1948, Mr. Donaldson has been a consistent member of the company's production club for leading agents.

Mr. Donaldson is a graduate of Auburn University. He is active in civic affairs. He holds the Chartered Life Underwriter designation and is a member of the Enterprise Association of Life Underwriters.

Gross receipts from farming in the U. S. last year totaled \$44.4 billion. This is about \$2 billion over 1964, mostly as a result of higher meat and animal prices.

## Turpentine Beetle Killing Pine Trees In Alabama

Auburn University entomologists are warning Alabama homeowners to be on the lookout for the black turpentine beetle which is killing pine trees in almost every town in the state. Both the beetle's larvae and adult stage attack and eventually kill pine trees by girdling them, says Frank McQueen, Extension

# The Elba Clipper

ELBA, ALABAMA, THURSDAY, OCTOBER 20, 1966

NUMBER 13

**THIRTY YEARS LATER** - Pictured are eight members of the 1936 graduating class from Elba High School. This picture was taken Friday afternoon at Elba High School in the same spot as the picture taken 30 years ago, and used in last week's Clipper. The 1936 class was beautifully honored and entertained during homecoming activities last Friday night at the Elba-Hartford football game. They are pictured from left, first row: Mrs. Henry Smith (Margaret Brunson), Mrs. Rebecca Yarbrough (Rebecca Lee), Mrs. Chick Sellers (Myrtle Farris), Lenny Bowdoin. Top row from left: Leroy Miller, Homer Waldrop, Charles Lindsey and Ben Mathis. Others attending the dinner that night and the football game afterwards were: Roger Chatman and Cicero Traywick.

## Elba Defeats Hartford At Happy Homecoming

The Elba Tigers put on a fine exhibition for the homecoming alumni Friday night in Tiger Stadium by defeating the previously undefeated Hartford Bulldogs with a score of 32-13. Elba gained 209 yards rushing and 142 passing. Leading the running attack was a newcomer, Bill Spinks, with 74 yards gained. Following closely was Frank Prescott, with 71 yards, and David Stokes, with 62 yards.

**County Draft Quota Set At Four**  
State Director Hugh J. Caldwell, Jr., said recently that 1032 Alabama registrants will be called to the Montgomery Armed Forces Examining Station during November to meet the state's 634-man Selective Service quota.

This is a drop from the October call for 840 men. All will go into the army. Nationwide, the call is a decrease from 49,200 inductees last month, to 37,600 in November.

The November call will include some married men, but no fathers. It will include men of 19 years and older, in Class I-A, and I-A-O, examined and acceptable.

County-by-county, the call includes four from Coffee.

Winners are selected by a state committee on the basis of a demonstrated aptitude or interest in the communications field.

Administered by the National Association of County Agricultural Agents, the program is sponsored by International Minerals & Chemical Corporation, the world's leading producer of chemical fertilizers and fertilizer materials. Agents in different states are eligible for the award annually.

Casaday was selected for his comprehensive communications program in Coffee County, which includes a column for two county newspapers, participation in daily radio program and television appearances. He also concentrates on developing effective circular letters dealing with all phases of agriculture in the county, known as one of the leading peanut producing and manufacturing counties in the United States.

A native of Milledgeville, Alabama, Casaday received his bachelor's and master's degrees from Auburn University.

**FOURTH QUARTER** and end Johnny Martin watches the action from the sidelines after catching passes for 135 yards and 7 TD's. Pictured also are number 22 Joel Martin, number 63 Lonnie Jones, number 32 Frank Prescott, number 64 Lee Boyd, and Coach Hart. The score was already 32-13 but the team was interested in every play.

## Outstanding Farmer To Be Selected

A program designed to bring about a better understanding of the problems and achievements of the farmers in the Elba area was announced by the Jaycees.

A survey of farmers between the ages of 21 and 35 will be climaxed with the naming of the Elba Trade Area's Outstanding Young Farmer of 1966-67. Judging is co-sponsored of the national program is the National L-P-Gas Association. Co-sponsor of the Elba OYF program is Propane Gas and Appliance Company of New Brockton, Alabama.

Reports compiled by the Jaycees will be given to a special judging committee which will select Elba's Outstanding Young Farmer. The judging will be on the basis of career progress, conservation practices and community service.

Elba's Outstanding Young Farmer will enter the state competition in Huntsville in January. The state winner advances to the national finals to be held in Harrisonburg, Virginia, April 8-11.

Persons interested in entering this contest may obtain survey forms from Marvin McCollough, Program Chairman, Elba, Alabama, or Mr. Gibbs McCormick, Propane Gas and Appliance Company, New Brockton, Alabama, or Mr. Bill Faulk, Soil Conservation Service in Elba.

The deadline for returning survey forms will be announced at a later date.

## Grenier To Visit Elba Tomorrow

John Grenier, candidate for United States Senator, will be in Elba Friday, October 21, to meet and talk with voters. He will spend the time here visiting and handshaking. He will arrive in Elba about 10 A.M. and will be here until about noon.

Grenier will be in New Brockton earlier Friday morning. He will go from Elba to Geneva County, visiting in Geneva and Samson. He began the week in Jefferson County Monday.

He will be in Covington County Wednesday, Saturday, October 22, and will be in Houston County for the Peanut Festival.

## \$1,000 Reward Offered In Hit And Run Death

Lewey Stephens, of Elba, District Attorney of the 12th Judicial District, stated to this newspaper last week that a \$1,000 reward has been offered for information leading to the arrest and conviction of the hit-and-run killer of a New Brockton man.

The State of Alabama has posted a \$400 reward, the maximum that can be given by the state. The remaining \$600 is offered by John Caylor, father of the victim.

Captain William Hornsby, Dothan District Commander, Alabama Highway Patrol, said Charles Caylor, 27, of New Brockton, Alabama, was killed by a hit-and-run driver on Highway 51 in Coffee County. The body was found

time that it was probably his dog. In a few minutes, someone knocked at the door, but as she was alone in the house with her baby and was already in bed, she did not go to the door. All resources of the Alabama Department of Public Safety have been made available to officers investigating the crime, the officer said.

Had the driver reported the accident immediately, it is likely in no charges would have been pressed, Captain Hornsby said.

The next morning by Quay Kyser, who lived nearby, he heard the impact of an automobile hitting something. She thought at the

**GRAY LADIES AT ELBA GENERAL HOSPITAL** - Several months ago a group of loyal ladies in Elba organized a group known as "The Gray Ladies." The ladies were given assistance by the American Red Cross Volunteer program, and the project is now in full operation with eleven volunteers working several hours a week. Members of "The Gray Ladies" are working toward the ten hours required for the cap and pin. The volunteers give services to the hospital, working along with the nurses to make the patients more comfortable. The Gray Ladies began their first duties September 19 when the bloodmobile was in Elba on the last trip. Duties at the Elba General Hospital began on September 20th. Assignments are made by the Director of Nurses; the ladies

work without compensation, in the mornings and the afternoons on various jobs, depending on where they are needed most.

The Gray Ladies are now on regular routines and their cheerful smiles and courtesy attribute to the pleasant service offered to the patients, as well as the help it is to the staff members. Another class is being planned when the current group completes the requirements.

Gray Ladies pictured above from left are: Mrs. Lister Brunson, chairman, Mrs. Boyd Murphy, Mrs. Donald Cook, Mrs. William (Bill) Pearce, Mrs. John Kimmy, Mrs. Celia Brown, Mrs. Wyatt Bragg and Mrs. Charles Lindsey. Other Gray Ladies not pictured are Mrs. Lewey Stephens and Mrs. James Boswell.

## Fur Thieves Now Active In Elba

Fur thieves are on the prowl. Suspects to be on the lookout for are the cagey-looking bunch hanging out around the Little Theatre, consisting of Susan Clark, Sara Brunson, Ann Proctor, Fleetwood Carney, Celia Brown, Sharon Ten Brook, Jim Williams and Joe Bruce.

Under the direction of Mrs. Ruby Bruce, the "Fur Thieves" began rehearsing their thieving methods last Wednesday night at the Elba Little Theatre.

Guard your furs carefully. The date and time the thieves will be on the loose will be announced at a later date. Keep in touch with this paper for further details.

Again, guard your furs.

## Squirrel Season To Open On October 29

Conservation Director Claude D. Kelley announced Thursday that the squirrel hunting season in North Alabama will open October 29 and close January 2, 1967.

He pointed out that United States Highway 80 divides the State; the area classified as North Alabama lies to the north of Highway 80, and South Alabama lies to the south.

The bag limit is 8 a day and 8 in possession. Game and Fish Division officials said the outlook for squirrel hunters is about on a par with last year with the possibility of improved conditions in some areas.

Charles Kelley, Chief of the Game and Fish Division, said that field studies indicate that the game supply for the coming hunting season on quail and turkey will be good.

The fall turkey season will open on November 11, and the quail season will begin on November 19.

Everyone is invited to attend and enjoy the fellowship.

**HOMECOMING PLANNED AT ZION CHAPEL**  
Annual Homecoming will be observed at the Zion Chapel Baptist Church Sunday, October 23. Dinner will be served following the morning service.

Everyone is invited to attend and enjoy the fellowship.

**MISS MYRA BURDICK** was crowned Homecoming Queen at Elba High School in activities before the student body Friday morning. She is the daughter of Mr. and Mrs. Charles Burdick of Elba. Myra is a senior and cheerleader at EHS.
